PROJECTS

IDC Eats | <https://github.com/mmeii/idc-eats> | <https://idc-eats.herokuapp.com/>

Node, Express, React, MySQL, Material UI, Geolocation, Yelp API, Passport, Formik, Framer Motion

- Lead a team of four, built a MERN app that randomly generates a restaurant with preset user preferences
- Developed the front-end React application using Material UI React framework
- Architected a RESTful server enabling user information to be stored in cloud and deployed to Heroku
- Incorporated GoogleAuth, Geolocation, Yelp API for a dynamic user experience

LibMaker 3000 | <https://github.com/mmeii/make-your-madlibs> | <https://makeyourmadlib.herokuapp.com/>

Node, Express, MySQL, Sequelize, Handlebars.js, Bootstrap

- Developed a mad libs generator that takes user input and plugs into a predefined story template after parsing
- Oversaw the development of the application and collaborated with a team of five
- Debugged to ensure a seamless front-end to back-end server communication
- Conducted code reviews with other developers

Weather Dashboard | <https://github.com/mmeii/weather-dashboard> | <https://iammei.com/weather-dashboard/>

HTML, CSS, Bootstrap, jQuery, Moment.js, AJAX, OpenWeather API

- Designed a weather web application that provides weather forecasts based on user search and saves searches
- Created jQuery functions to pull data with API calls to retrieve weather information
- Configured user friendly features by defining colors based on returned results from API call

EXPERIENCE

Tax Compliance Accountant | ProService Hawaii 2018 - 2020

- Assisted development team for new accounting system migration, mitigating risks and increasing efficiency
- Lead quarterly and yearly corporate payroll tax payments and filing, delivering timely and errorless reporting
- Demonstrated high proficiency in using new technologies after only a few months in the company

Accountant | State of Wisconsin 2015 - 2018

- Accelerated new system implementation conducting training for 100+ employees and creating SQL reports
- Inspected the state purchasing card program, attaining easier tracking and reaching desired evaluation
